FOR COMMISSIONER. R. A. Sullivan of Fork township is

GREEK DENY THE ALLEGATIONS

Made In Report of Commission That Investigated Atrocities In the Balkans

(By Associated Press) Washington, June 6.—An attack on the Root-Carnegie peace foundation's commission which investigated alleged atrocities in the Balkans, was issued at the Greek embassy here today as a preface to a report to be circulated by the Greek government in this country to refute charges made against the Greek armies by the commission. The statement devotes much space to recounting atrocities alleged to have been committed by Bulgars. "The full detailed statement of the Greek government in reply to the false and baseless charges and insinuations in the Carnegie commission's report will reveal the government's earnest effort to correct in some measure the terrific injustice done to the Greek nation by the commission's inexcusable work," the statement said.

LARGE CROWDS SAW THE FIRST FEATURE

Special Feature at the Palmetto Theatre Proved To Be Big Drawing Card

Yesterday for the first time, one of the famous Al Bartlett films was shown at the Palmetto Theatre entitled, "The Fall of the Mighty." Manager Pinkston did not use any more than the usual amount of advertising for this feature, and judging from the crowds that thronged the theatre all of the afternoon and evening, one would have thought that P. T. Barnum had slipped his immense circus into the city without announcing same, and was giving a performance in the Theatre; if such a thing had been possible. All who were fortunate enough to see this feature pronounced it one of the best that has yet been shown in Anderson. "The Fall of the Mighty" is sure "some picture" and if all the productions of this film Co., come up to the high standard of the one shown yesterday; the present quarters of the Palmetto Theatre will not be large enough to accommodate the public.

QUEEN OF BULGARIA

Will Visit United States About the Middle of October. New York, June 6.—Clayton Rockhill, honorary consul general of Bulgaria, in New York city, has been advised that it is the intention of Queen Eleanor to visit the United States about the middle of next October. The queen planned to come to the United States last spring but decided to defer her visit.

World's Records. Lyons, France, June 6.—For the first time in the history of Athletics an official list of world's records to be recognized by all nations was drawn up today by the Records Committee of the International Amateur Athletic Federation, meeting at Lyons. It is expected that the list as arranged by the committee will be adopted by the Federation early next week.

hereby announced for commissioner for Section One, comprising Fork, Rock Mills, Pendleton and Centerville townships. J. M. DUNLAP.

FOR COMMISSIONER. I hereby announce myself a candidate for re-election as Commissioner for District No. 4, comprising Honea Path, Madin, Belton and Broadway township, subject to the rules of the Democratic primary. J. M. DUNLAP.

The friends of R. A. Mullinax hereby announce him as a candidate for county Commissioner from district comprising Hopewell, Brushy Creek, Garvin and Williamston. Subject to the rules and government of the Democratic Primary. J. M. DUNLAP.

For County Supervisor. I hereby announce myself a candidate for county supervisor, subject to the Democratic primary. J. MACK KING.

FOR PROBATE JUDGE. I hereby announce myself a candidate for the office of probate judge of Anderson county, subject to the rules and to the result of the Democratic primary. VICTOR B. CHESHIRE.

W. P. Nicholson is hereby announced as a candidate for re-election to the office of Probate Judge, subject to the rules of the democratic primary.

THE "VANITIE" TIES THE SCORE

IN THE TUNING UP FOR THE AMERICAN CUP DEFENDER FIGHT

REVIEW OF RACES

With a Sketch of the Big Contest To Be Pulled Off With Sir Thomas Lipton

Associated Press Boat off Greenwich, Conn., by wireless—June 6.—The Vanitie this afternoon defeated the Resolute in the fourth race between the cup defender candidates. The official finishing times were: Vanitie 6:26:29. Resolute 6:32:21. The official elapsed times: Vanitie 5:09:29. Resolute 5:15:21. Vanitie wins by 5 minutes, 52 seconds elapsed time.

Review of the Races. New York, June 6.—With the passing of the first few tuning up tests of the trio of yachts striving for the honor of defending the American cup, for the all-summer series of races which will evolve the successful candidate to be chosen by the cup committee from the Resolute, Defiance and Vanitie. During the coming week, the yachts will pass from Long Island Sound to the ocean course off Sandy Hook for three tests under the stern conditions over the same course which will be used in the cup races. There will follow a week devoted to repairs and changes in the yachts to be succeeded by two weeks more of Sound racing. All of these events of which there are eleven on the schedule will be of a preliminary nature. In fact they have been arranged to get the boats in condition for the more serious test off Newport in July and August, when the American's cup committee will sit in judgment on the performances and select the best boat to meet the Shamrock IV.

The start for all the racing in the Sound will be off Great Captain Island near the entrance of the harbor of Portchester. Half a dozen courses of from 20 to 30 miles each have been laid out, some of which will carry the yachts down the Sound beyond Stamford, while others will take them well up to Execution Rock and over to the Hempstead shore. With starts off Great Captain Island it will be possible to lay a fifteen mile course to the windward in case the breeze is from the prevailing direction, southwest. Eleven years ago the three cup yachts, Reliance, Constitution and Columbia were given numerous trials in this part of the Sound, but the start were off Long Island shore near the Mattitcock Point, and it was found difficult to send the boats to the windward on the first leg. By agreement between the managers and the regatta committee of the New York Yacht club fifteen minutes will be allowed between the starting signals for the fight for position. Two minutes will be given for the yachts to start and in that brief period each boat will be timed to the second, as she crosses the line. If she is late her time will be taken at starting at the end of two minutes, although she may be three, five or even ten minutes behind.

The struggle for the best places at the line, the weather berth if the first leg is to the windward, a snug place away from the others with the wind in the clear if the course is to the leeward is the supreme test of the sailing master and many a race has been won or lost through success or failure at the outset.

The helmsmen of the three yachts George M. Pynchon on the Defiance, Charles F. Adams, 2nd, on the Resolute and William Dennis on the year will be in watching the game played by these cool, calculating skippers. It is a rare game—this handling of a big yacht especially in a breeze while even in soft weather the very best judgment is required. Each as he stands at the wheel must know just where his own boat is, how fast she is going, where the other yachts are and how fast they are sailing. He must know when his own boat has the right to be, and when his opponent must give way and in a tight place, not to take an inch or concede one, or the race is lost.

No fixed plan of campaign will bear the test under all conditions. With the big yachts the skipper must have help, and the assistance of a cool man with the watch and another to watch the opposing yacht is of paramount importance. Forward, the mates have their men well drilled and the handling of sheets, tracks and stays all

DESTRUCTIVE TORNADO

Several Persons Killed and Much Property Damaged. Sioux City, Iowa, June 6.—The tornado which swept across northwestern Iowa last night killed several persons and injured a dozen some seriously, according to reports in Sioux City today.

Near Archer the storm tore the child of John Bisland from its father's arms and dashed it to death against the side of the farmhouse. At Sanborn, damages estimated at \$150,000 was done, practically the entire end of the town being wiped out.

SHIP BUILDING IN MAY

Not So Extensive as During the Same Month Year Ago. Washington, June 6.—Ship building during May was not so extensive as during the same month a year ago. The department of commerce announced today that 127 vessels of all types aggregating 20,972 tons, were launched compared with 189 vessels of 32,513 tons a year ago.

The largest vessels were the William D. Crawford 6,385 tons, built at Lorain, Ohio and the South American, 2,662 tons, built at Ecorz, Mich.

PRESIDENT JOHN TYLER

Monument to His Memory to Be Reared by Government. Washington, June 6.—The senate today adopted a joint resolution for the appointment of five senators and five representatives to attend the unveiling in Hollywood cemetery at Richmond, Va., of a monument over the grave of Former President John Tyler.

Big in Dull Times

Cleveland Leader. It is easy to show by impressive figures that the volume of commerce and industry in the United States is immense, even while business men complain of dull times. It is not at all difficult to present facts which prove that this country is leading the world today in many branches of production and traffic. American supremacy has become too well established to be lost in a period of unsatisfactory business.

The trouble is not so much that the country has lost ground as it is that there has been no such advance as should have been made. It is not that traffic and production have become small, but that they ought to be much larger. In some lines of industrial and commercial activity there has been a disappointing and unnatural lack of growth.

Nothing that is past can satisfy American demands upon the future. What has been done is never enough to measure satisfactorily the business of today and business plans for tomorrow.

Roosevelt in Paris. Paris, June 6.—Col. Roosevelt called on President Poincare at the palace of the Elysee and conversed with him nearly an hour. The presidential palace presented a busy scene when the colonel arrived in an automobile with Ambassador T. Herrick.

Harry Payne Whitney's Pony. Manchester, England June 6.—Harry P. Whitney's Harmonicon today won the Salford Borough handicap of \$4,650 against a field of fourteen runners. Adular was second and Mercurio third. The distance was six furlongs.

NOTICE FOR DEMOCRATIC CLUBS TO ORGANIZE

By resolution adopted by the County Committee on the first inst, the following named democratic clubs are authorized and directed to organize on Saturday, June 20, 1914. Each club shall elect a president, one or more vice presidents, a secretary and treasurer a committee on registration, and executive committee and enrollment, committee of three members, two members of which shall be the secretary and County executive committee.

Bishop's Branch. Brogan Mill. Cox Mill. Fork No. 2. Mt. Tabor. Slabtown. West Sayannah. Pelzer Mill U. 4. North Anderson. Frankville. S. D. Pearman, County Chairman. Secretary.

the light canvases require quick action and precision. It is anticipated that in the early races of the cup yachts there may be times of seeming confusions on each one of the boats but with the numerous races and sail trials in the smooth waters of the Sound, it is expected that yachts, skippers and crews will appear at Newport on July 7 in the finest possible condition, and that the races of July and August will produce the best racing ever seen in American yachting competition.

Our Regular Monday Sale

Opens with Enthusiasm Monday Morning.

Since writing our regular advertisement for it, lots of new things have come in; which we are adding at Monday special prices. We name a few—there are hundreds of specials looming up in every department.

- 300 Spiral bound 5 string stick brooms, weigh about 28 lbs to the dozen and cheap at 50c. Monday (1) to a customer, each. 28c

Just forget your worries and come with us every Monday on this Land Slide Excursion.

THE BEE HIVE G. H. BAILES, Prop.

THE PANAMA CANAL AND SOUTH CAROLINA

(Continued From First Page.)

resented by buildings and exhibits. It has been estimated by experts that twenty million people will visit the exposition. Forty-one American states have accepted the invitation to participate, and the State of New York alone has raised seven hundred thousand dollars for building and exhibits, by public appropriation and private subscription. Other states have raised sums, some by appropriations and some by popular subscriptions, ranging from \$30,000 to \$300,000. Among all the states of importance South Carolina alone is distinguished by the fact that no provision has been made for funds to exploit its resources and advantages or to put the world on notice that our State is alive to its responsibilities and opportunities. In the great picture of the world's work that is to be unrolled at San Francisco for all the nations to witness, South Carolina is not represented; it is not on the map. Our legislature refused to make an appropriation for the purpose of erecting a building or providing an exhibit

at the exposition. Is it wise or is it even thinkable, from any point of view, this state shall not be creditably represented there? Ignoring the matter from the angle of state pride, and viewing it with the analytical eye of business, is it not apparent how great a misfortune such an omission would be? The advantages of our geographical situation will avail us little against the combined efforts of other regions to project themselves into the limelight. It is an axiom of modern business that the fellow who goes after a thing is the fellow who gets it. The people of this State cannot afford to sit still, deluding themselves with the notion that the trade of the world is going to be handed to us on a silver salver, merely because we possess certain natural advantages and facilities for handling it. Those advantages will not profit us unless we let the world know that we have them. In the absence of any official provision having been made for showing and exploiting the State and its resources at the exposition, we must make such provision by popular subscription, or some other means have done, or by some other means to be adopted after investigation. It has been suggested that the efficient plan to accomplish this work is by the creation of a Commission,

as has been done in other states, to organize the campaign on advisable lines, and to lend the force of its cooperative efforts and influence to those of the active field-workers. I have been requested to undertake, unofficially, the formation of such a Commission, to be composed of representative and prominent men from all parts of the State, and I ask that you permit me to name you as one of the members. So soon as possible after the organization of the Commission, it is supposed to have a meeting in Columbia to consider the whole subject and formulate ways and means for a statewide campaign for raising the necessary fund. I trust that the proposal will appeal to you and ask that you give me an early reply. EDWIN ROBERTSON. Washington and Lee. Lexington, Va., June 6.—Josephus Daniels, secretary of the navy, will deliver the annual commencement address at Washington and Lee University on June 17, university authorities announced today. The annual alumni address will be delivered on June 16 by the Rev. D. Hopkins Roiston, of Charlotte, N. C.
